May 2017

## Happy Memorial Day!

As a combat-decorated Vietnam veteran, this time of year always holds a special place in my heart. I hope you will take some time this month to thank a veteran for their service to our country, remember a service man or woman who made the ultimate sacrifice, or take part in

some related Memorial Day activities. As always, it is an honor to serve the wonderful residents of the 8th District.

Blessings,

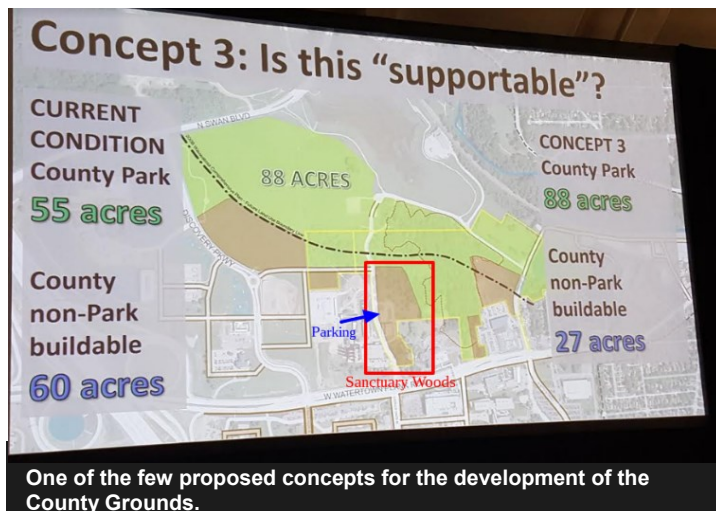

*"All gave some;  
some gave all"*

*- Sergeant Howard  
William Osterkamp,  
Korean War Veteran*

## Sanctuary Woods

Sanctuary Woods is a parcel of land located at the County Grounds off of Watertown Plank Rd. in Wauwatosa, and is currently the subject of much discussion by Wauwatosa city officials as well as the Milwaukee County Board.

Currently, this parcel is owned by Milwaukee County, and is zoned as “institutional” on account of Research Park. However, Wisconsin state statutes require that the hosting municipality is empowered to change the zoning designation in any way it sees fit, which can include zoning it for economic development (if the County should seek to divest the property to the municipality). Wauwatosa is currently debating, depending on which proposal you are referring to, changing the zoning to allow for economic development.

I do favor economic development, but I also believe strongly in future planning. We currently have 158 parks in Milwaukee County. The City of South Milwaukee has over 40 percent of its land acreage in parkland. Thanks to the foresight of our forefathers **we have no shortage of County parkland**. We have over one thousand wild deer living in our County parks. People love their parks. Yet, we have over \$ 200 million in deferred park maintenance – plus the Domes!

During last fiscal year’s budget hearings members of the public repeatedly told us not to raise taxes, but to develop vast amounts of idle land within the County. Thus, preventing the need of tax increases, especially the dreaded wheel tax!

However, I would put to you that this is no ordinary parcel of land. Right now, an environmental study is being done, and it is believed this parcel might be home to several endangered species. Furthermore, once the land is developed by private developers, its gone for good!

I want to do what is right for all citizens involved and I am awaiting discussions with colleagues, our County staff, and the citizen stakeholders/community groups of Wauwatosa. I look forward to hearing your thoughts on this matter.

Please keep in mind however, that if the Wauwatosa City Council should change the zoning on this parcel to anything besides “parkland,” the County Executive will have the authority to sell this, at any time and at any price, without any kind of input or approval from the Board.

Blessings,

*David*

## Mark Your Calendar! Community Blood Drive

By donating blood at our drives right here in Cudahy, you are a part of a life-saving plan in the lives of friends, family members, and neighbors that need blood each and every day. Each day the Blood Center of Wisconsin needs to collect more than 800 units of blood. Fifty percent of that total comes directly from mobile drives like ours. Be a Hero! Join us.

Spring can be a stressful time of year for many members of our community who rely on energy assistance. We currently estimate over 1500 households are eligible for energy assistance in both South Milwaukee and Cudahy, but only 500-600 apply each year. We have opened a new site at 5663 S 27th St. to help south-side customers.

#### Timeline/Important Dates:

March 27-Disconnection notices sent from We Energies

April 15-End of Moratorium-Disconnections Begin

May 15-Season end/last day to apply for Energy Assistance Benefits!

May 16-September 30-Residents can still apply for crisis benefits, if available

October 1, 2017, Start of the 17-18 Heating Season

November 1-Moratorium begins

The Energy Assistance  
Heating Season Ends  
5-15-2017

# Wheel Tax Referendum

If you partook in the April 4, 2017 Spring elections, you might have noticed the following question on your ballot:

Do you support County Executive Chris Abele's proposal for a \$60 Vehicle Registration Fee (wheel tax) to provide designated funding for transit and transportation-related projects?

YES

NO

This appeared on your ballot because Mr. Abele's proposed 2017 budget included a \$60 wheel tax. The Board was not comfortable with passing such a massive tax, especially one so thoroughly opposed by the public.

However, continued cuts to shared revenue from the state of Wisconsin left Milwaukee County with a large deficit. The Board reluctantly passed a \$30 wheel tax with the understanding that Mr. Abele would engage in a massive public education drive to persuade the County electorate on the "...absolute critical need to increase the \$30 fee to \$60" before the Spring referendum.

This did not happen, and it showed in the poll results. The vote on the referendum was 72% "no" and 28% "yes."

Please bear in mind this referendum was advisory only, and was not binding on the County.

The VRF can be spent only on transportation-related expenses. Most funding for MCTS is provided by transportation aid from the federal/state government, and then the fare box. For the past half-decade, these aids have been flat.

Tens of thousands of people throughout the County depend on public transit (i.e. the elderly, those who have no cars, those who can't safely operate a car anymore, the disabled needing independent mobility).

Who will pay to construct and maintain miles of County Roads (including many in Cudahy)? Who will pay to plow? I certainly feel the pain that increased taxes generate. I pay the same rate as you do.

Nevertheless, I agree that the VRF is unfair and an absurd tax. But it is the only tax the County had available to support our transportation needs. The State's Transportation Fund is a disaster! Our local and state roads and bridges are a disaster! There is no free lunch. If we want a safe and enjoyable quality of life, someone has to pay the bills.

# 2017 PROJECTS

## PACKARD NORTH ROAD PROJECT

- Packard Avenue will be fully reconstructed between Cudahy and Lunham Avenue

## GRANGE AVE SEWER & WATER EXT.

- Sewer & Water Services are being extended west on Grange Avenue for the 128th Air Refueling Wing.

## HAZARDOUS SIDEWALK PROJECT

- Hazardous sidewalks that were marked will be replaced in the city north of Layton between the blocks of Swift and Lake Dr. This work is carried over from 2016.

## PARKING LOT & PLAZA UPGRADES

- With DNR grant money, the public parking lot at Squire and the Plaza at Layton & Packard will be reconstructed using porous pavers for storm water quality.

## STORM WATER ALLEY IMPROVEMENT

- Another development at Squire & Layton requires the replacement of the alley at 3500 Layton. This project will utilize a new storm water friendly alley construction style with porous pavers down the center.

## CDBG BUS STOP IMPROVEMENTS

- Bus stop locations along Pennsylvania Avenue will be improved with a concrete pad for sitting/standing using Community Development Block Grant Funds.

## HAZARDOUS TREE REMOVAL

- The City has hired a contractor to remove the compromised trees throughout the City

## CITY HALL ROOF/ADA CONSTRUCTION

- The second phase of the City Hall roof replacement project will be completed this year. In addition, all of the entry ways into the City Hall Building will be reconstructed to meet ADA standards.

## IMPORTANT NOTE

**Project Dates and Schedules are not finalized at this time.**

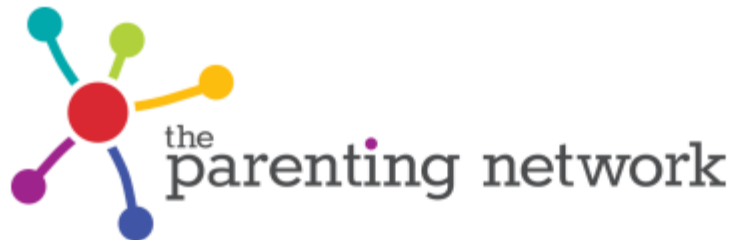

## LOOKING AHEAD

### ADDITIONAL PROJECTS MOVING FORWARD INTO 2018 AND BEYOND:

- GRANGE STORM RELIEF
- COLLEGE LIFT STATION
- NORTHEAST SANITARY
- VAN NORMAN STORM
- MISCELLANEOUS SEWER
- 3600 MORRIS & ADAMS STREET RECONSTRUCTION
- MISCELLANEOUS ASPHALT & CONCRETE PATCH PROJECT

## Investing in Infrastructure: WE Energies Project Coming to South Milwaukee

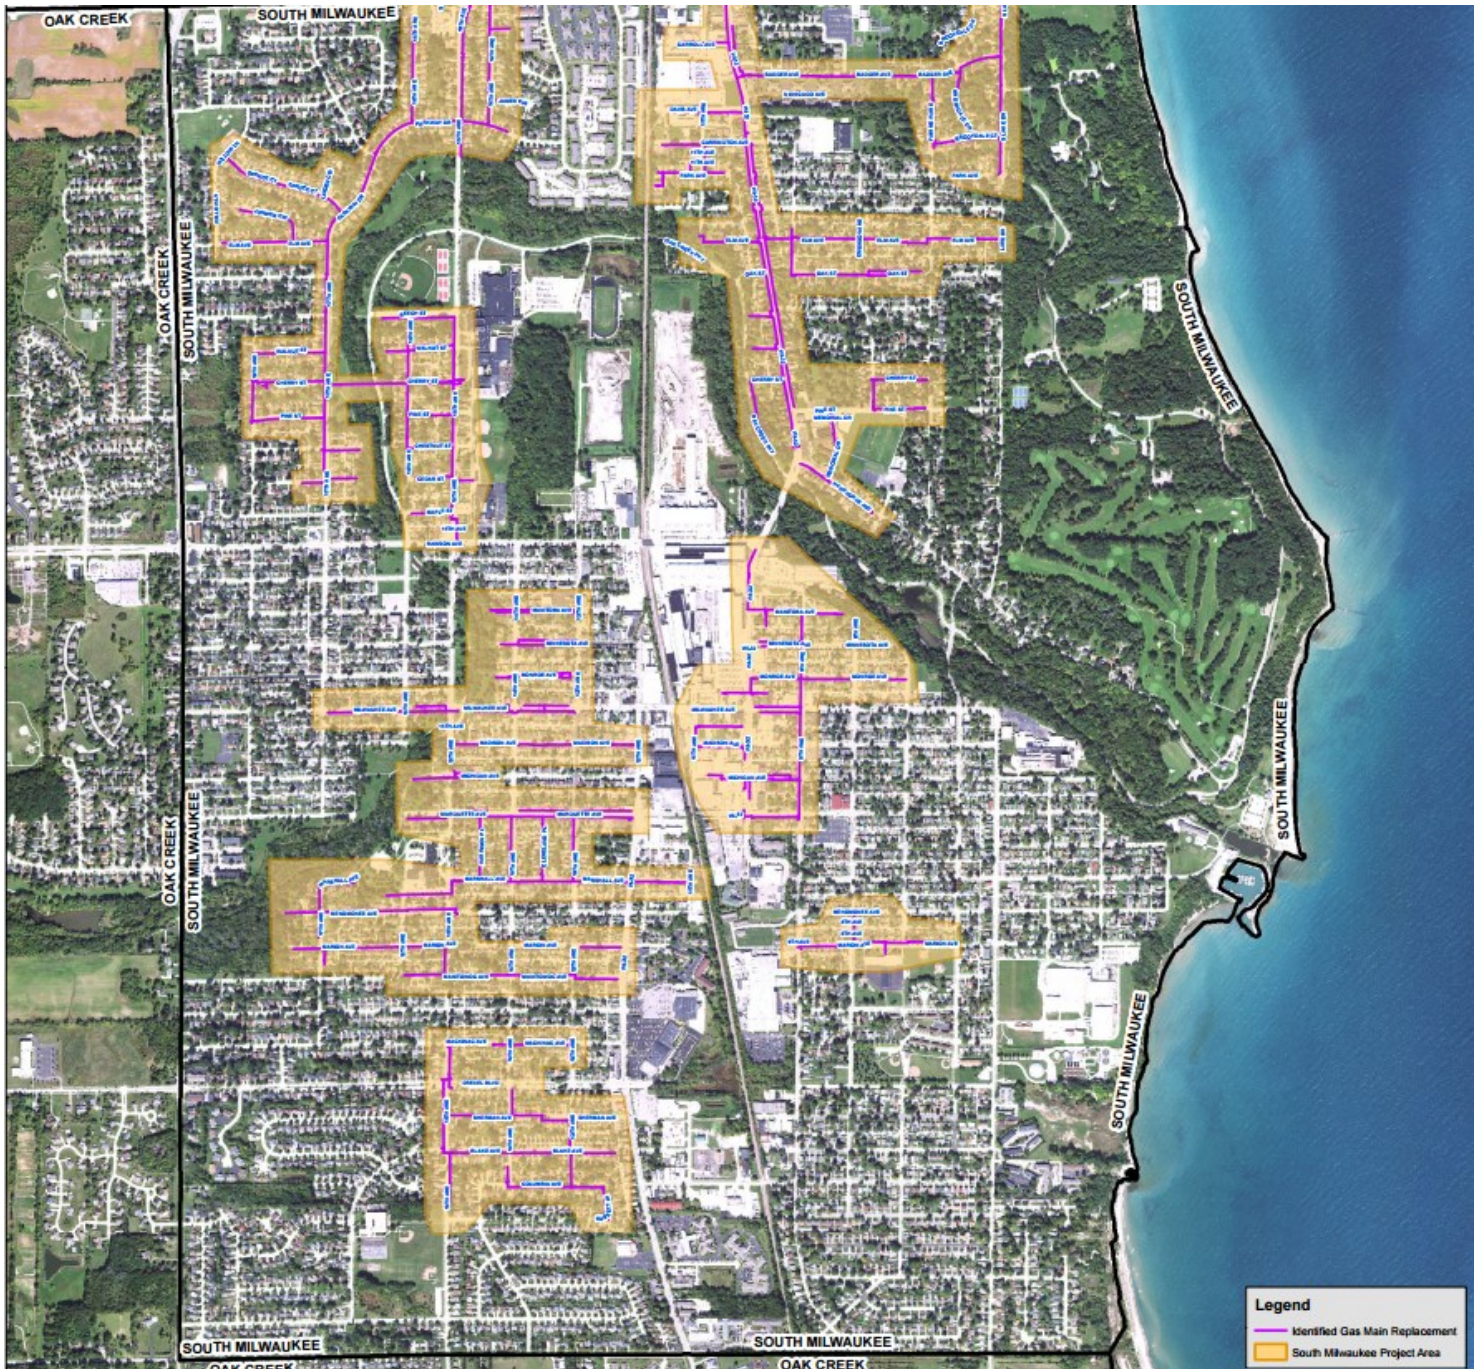

Work is beginning this month on a WE Energies project to upgrade natural gas facilities in a number of neighborhoods in South Milwaukee. The project to replace aging natural gas mains and laterals will affect more than 1,700 customers in the city, and could lead to brief gas outages and traffic impacts. Customers/property owners directly impacted by the project will receive a notice (mailing or door hanger) of work to be done in their neighborhoods.

Here is a project overview from WE Energies ...

We will begin upgrading natural gas facilities throughout areas of South Milwaukee soon. This work will allow us to continue to provide safe and reliable natural gas service to our customers. We expect to complete the work in stages by the end of 2017. The work includes replacement of natural gas mains within the road right-of-way as well as service laterals to individual homes. Michels, our construction contractor, will complete the work on our behalf.

Our activities will require traffic control and excavation measures, which we are coordinating with the City of South Milwaukee. Construction staging may require the temporary removal of on-street parking in some areas to accommodate a work zone. There also will be intermittent impacts to pedestrian sidewalk access throughout the project. We will contact impacted residents through letters and in-person visits in advance of work being performed to provide project details, review the timeline and answer questions. A project contact number will be made available for follow-up questions.

We appreciate your understanding as our crews work to complete the project as safely and quickly as possible. Thank you for your cooperation.

# The Giant's Garden, the 2017 Milwaukee Ballet School & Academy Student Showcase

*The Giant's Garden* is a world premiere choreographed by Milwaukee Ballet School & Academy Director Rolando Yanes. Based on the book, *The Selfish Giant*, students of Milwaukee Ballet School & Academy will tell the story of a garden that can only thrive on the joy and delight of children. This family-friendly show will run less than 90-minutes (no intermission) and is perfect for the young and young-at-heart.

Show times are 11:00 a.m., 2:30 p.m., and 6:00 p.m.

Tickets on sale April 17. Reserved seating. All seats are \$23 each. Ages 3 and under complimentary but must need a seat assigned. Call the box office for order.

## New Quarterly Sewer Billing

The City of St. Francis owns and operates the sanitary sewer utility that collects all the wastewater from homes and businesses and is a part of the Milwaukee Metropolitan Sewerage District (MMSD). MMSD is a regional sewage treatment, water reclamation, and flood management agency comprised of 28 municipalities in the Metro Milwaukee area.

In the past, sewer billing occurred once a year based on individual customer water usage during the 4th quarter. Disadvantages to annual billing included complaints on a single, large bill per year and the inability to recognize abnormal water usage or leaks in a timely fashion - which resulted in inaccurate billing. The City of St. Francis is moving to quarterly billing in an effort to remedy these issues.

### So what does this mean to you?

The City Council adopted quarterly billing of sewer bills for the first quarter of 2017. Enclosed you will find a quarterly billing of sewer charges as determined by your actual water usage.

### Can we still receive annual billing rather than quarterly billing?

The answer is no. All residential and business users of water and sanitary sewer will be billed quarterly rather than annually.

### Did sanitary sewer rates increase with the billing change?

St. Francis sanitary sewer rates are adjusted annually based on the cost of maintaining the sanitary sewer system within the City. 2017 rates reflect a 3% increase to \$.57 per CCF or 100 cubic feet of water used. One CCF equals 748 gallons of water.

### Are there any other charges on my quarterly billing?

In addition to St. Francis sanitary sewer utility rates and those rates determined by MMSD, your quarterly bill contains a fixed residential storm water utility charge of \$12.00 per quarter. Business storm water rates may differ based on the size of the property.

### When will I receive my new quarterly bills?

Sewer bills will be based on the previous quarter water usage as reported to the city by Milwaukee Water Works. Sewer bills will be sent during the months of April, July, October, and January each year. Payments will be due by April 30th, July 31st, October 31st, and January 31st each year.

### How can I pay my new quarterly sewer bill?

Sewer bills may be paid in person at the counter in the Civic Center, deposited in the drop box near the west entrance to the Civic Center (the foyer just outside the Police Department), online at [www.stfranciswi.org](http://www.stfranciswi.org), or may be mailed in the provided envelope. Use of credit card or debit card is available subject to a processing fee.

### Are there any late payment charges?

Late payment charges remain the same. Payments received after the due date will be charged a 2% penalty or a minimum of \$2.00 whichever is greater. Any delinquent balances as of November 15<sup>th</sup> of each year will be placed on the real estate tax bill.

We hope that you find quarterly billing more convenient. Please contact the City of St. Francis at (414) 481-2300 with any questions or comments.

## New City Ordinance on Pets

An ordinance to repeal and recreate section 180-4(H) of the City of St. Francis Code of Ordinances was passed February 22, 2017.

The new ordinance replaced the current limitation of animals, which read "No household shall be allowed to have more than two dogs and two cats of licensable age."

## New Language:

"No person or household shall keep or harbor more than the following number of dogs and cats of licensable age in, on or about any single-family residence or residential dwelling unit in the City of St. Francis:

- (a) Two (2) dogs and two (2) cats required to be licensed under this Chapter, or
- (b) Three (3) dogs required to be licensed, or
- (c) Three (3) cats required to be licensed.

## Single Sort Recycling Every Other Week Recycling

Green Week: Garbage ONLY  
Gold Week: Recycle and Garbage  
Red Week: Bulk PickUp

## Garbage and Recycling

Recycling is very important to the City. Recycling reduces the amount of garbage sent to the landfill which in turn saves the City money, since landfills charge a fee to dump garbage. The less garbage sent, the less money the landfill charges, and the cheaper the cost of the garbage collection.

The City switched to single stream recycling in 2015 when the new carts were delivered. All materials labeled 1-7 are recyclable. To make the most of the space in the cart, crush milk jugs, cardboard, and stack newspapers in a paper bag.

Plastic bags from stores are **not recyclable** in the cart, but almost every store has a collection bin to recycle them. Also, electronics are banned from the landfills, and NOT collected by the City or Waste Management.

To get more information on what, how, and where to recycle different materials, see the DNR website at <http://dnr.wi.gov/topic/recycling>. We also have detailed recycling information on the City website.

### Update – Economic Development Strategic Planning Meeting

The St. Francis Common Council held a Committee of the Whole meeting on March 27th to discuss strategic plan ideas for 18 sites in the city identified as "areas susceptible to change" within the economic development chapter of the City Comprehensive Plan. (Viewable on City website under "Our Community".) Volunteer Facilitator Steve Watson worked with the Common Council to brainstorm ideas for development with members of the public in attendance.

A draft development report will be prepared from the ideas for a follow-up meeting to be scheduled in May to include a public meeting or "charrette". For more details or to share your thoughts please contact the Mayor's office or City Council members.

### Mark Your Calendar:

The St. Francis Memorial's 25th Anniversary Ceremony will take place at Veteran's Memorial Plaza (4120 S. Nicholson) on Memorial Day - Monday May 29th. The event begins at 8:30 AM.

## **Made in Milwaukee**

**Wednesday, June 21<sup>st</sup>, 2017**

Come join us for a day of food and fun in Milwaukee!

We'll start the day off with a stop at the **Clock Shadow Creamery**. Learn about this urban cheese factory whose goal is to produce the best, freshest cheese. Then we'll head over to **Purple Door Ice Cream** where we'll enjoy a sweet treat! Purple Door Ice Cream is committed to using local ingredients as often as possible in the making of their ice cream.

Next, we'll tour the **Schuster Mansion Bed & Breakfast**. On this fascinating tour, you will feel like you have stepped back in time and get gleams of how

the Schusters may have lived long ago. We'll also get to try one of their famous chocolate chip cookies! Then it's off to **Palermo's Pizza** where we will enjoy Milwaukee's only Pizza Factory

Tour! Start with a fun and engaging video that shares the historical success story of Milwaukee's hometown frozen pizza manufacturer. Then get a bird's eye view of the production floor, where Palermo's expert Pizzaiolos craft the pizza everyone loves. You'll also receive a slice of pizza after the tour. We'll finish off the day with a tour of the **Central Standard Craft Distillery**.

You'll get a chance to learn about their small-batch distilling process and have fun while doing it! The best part is getting to taste the spirits right in front of the still that makes them all!

**Per Person Rate: \$79**

**On Sale, Tuesday, May 2<sup>nd</sup>, 2017 at 9:00am**

**Last day to sign up is May 31st**

**Departure Information**

9:15am Board Coach at Grobschmidt Senior Center  
(Bus departs promptly at 9:30am)

**Estimated Return Time**

5:00pm

# 2017 Annual Native Plant Sale

(& Garden Vegetable Plants, too!)

Saturday, May 13<sup>th</sup>

9 am - 12 Noon

By the front doors of South Milwaukee Middle School—1001 15<sup>th</sup> Ave.

Are your thoughts turning to summer? Are you dreaming of your garden this year? If so, you may want to consider using landscaping plants that are:

- \* attractive and interesting
- \* hardy, needing very low maintenance
- \* able to thrive in a wide range of soil/sun conditions
- \* native to Wisconsin
- \* perennial (no replanting every year!)

Look no further! On **Saturday, May 13<sup>th</sup>, 9 am - Noon**, the SMMS Environmental Club will hold our 2017 Annual Native Plant Sale. We'll be selling a wide variety of beautiful native flowering plants, garden vegetables and herbs. This year's species include: White Prairie Clover, Purple Prairie Clover, Common Milkweed, Swamp Milkweed, Pale Purple Coneflower, Purple Love Grass, Dogtooth Daisy, Purple Joe ~~Pye~~ Weed, Indian Grass, Hoary ~~Vervain~~, Wild Mint and a huge assortment of tomatoes, peppers, vegetables and herbs.

Just in time for Mother's Day, these plants would make wonderful gifts! In 2 ½-inch pots, prices start as low as \$1 per plant, well below garden center prices, with proceeds going to support our own SMMS Environmental Club. For more detailed plant information check out our Species Info Chart on the district website: [www.sdsm.k12.wi.us](http://www.sdsm.k12.wi.us).

Pre-sale orders are accepted, but not necessary--contact Chris Bosetti at 766-5890.
